YOUR SUPPORT IS NEEDED!

Chandler's Angels Initiative (CAI) empowers and supports at-risk and underprivileged youth in their journey toward a brighter future. Established in 2020 in memory of my son, Chandler, whose life was tragically cut short by senseless violence, CAI is committed to curbing urban youth violence by providing safe spaces and positive outlets for young people.

Our mission is clear: to support and create safe environments where inner-city youth can thrive. We understand the transformative power of youth sports in promoting physical and mental well-being, fostering social and emotional development, and unlocking opportunities for personal and academic growth. That's why CAI sponsors a range of initiatives. CAI aims to harness the potential of sports to uplift and empower underprivileged and at-risk youth.

From sponsoring open gyms for basketball during the winter months to supporting academic programs catering to non-mainstreamed youth, CAI is deeply invested in providing comprehensive support to our community's youth. We also recognize the importance of nutrition in promoting overall well-being, which is why we provide healthy food options for underprivileged and at-risk youth. In addition to hosting free open gyms, CAI hosts annual 3on3 basketball tournaments and funds improvements to inner-city athletic facilities, including the recent enhancements to the Beech Street basketball court in Manchester. We're proud to sponsor inner-city sports youth programs like the Manchester Angels Soccer League and the Manchester Bears Football program, further expanding our reach and impact in the community.

Chandler's Ride, an annual motorcycle event held in honor of Chandler to raise funds for our programs, is central to our fundraising efforts. As a registered 501(c)(3) organization, we are committed to transparency and accountability in everything we do.

Looking ahead to 2025, our focus is on assisting with funding a Cognitive Behavioral Therapy (CBT) program in partnership with a like-minded community organization that has locations throughout NH. This investment in mental health support will provide crucial resources to vulnerable youth, empowering them to overcome challenges and thrive.

At CAI, we believe every young person deserves the opportunity to realize their full potential.
